

In The Middle

Mt. Joy

Shape of your crown
Open your mouth just to hear it from your garden
I hate to bow
But I need you, how I lose, just how we started

Yeah, I don't wanna know
Yeah, I don't wanna know
But I should fight, do what's right, but it never shows

In the middle
Of your rainbow
It takes so little
To make my blood flow

Say you're in love in my apartment
Dream something more like when we started
Gun in your hand, like what's the problem?
Words in the way, but we keep talking

Yeah, I don't wanna know
Yeah, I don't wanna know
But I should fight, do what's right, but I never show
Yeah, I don't wanna know
Yeah, I don't wanna know
But I should fight, take your side, but I never show

In the middle
Oh, of your rainbow
It takes so little
To make my blood flow

Oh-oh, yeah, I don't wanna know
Yeah, I don't wanna know
But I should fight, do what's right, but I never show
Yeah, I don't wanna know
Yeah, I don't wanna know
Oh, I should fight, do what's right, but I never show
In the middle
