

# Lucy

Mt. Joy

I wanna live like Lucy died  
Living my life wire to wire  
Burn up like a star in the northern sky  
Dreaming only of the light

Dust to dust, what becomes of us?  
Will I ever be man enough?  
To be the woman that she was in life  
When she knew she was gonna die

Lucy won't fight, she knows she's right  
She says she wanted one more jam with us tonight  
And I'll tell you everything I ever learned about life  
Is that Lucy's a bad-ass, and Lucy's right, uh

Lucy jumped out of an aeroplane  
And Lucy got drunk on cheap champagne  
I hope she still feels everything  
All of the love that still remains, uh

Dust to dust, what becomes of us?  
How do we ever get back up?  
Well, I'll see you at the end of time  
Go solve the mystery of humankind

Lucy won't fight, she knows she's right  
She says she wanted one more chance with us tonight  
And I'll tell you everything I ever learned about life  
Is that Lucy's a bad-ass, and Lucy's right

Leaning on that red jukebox, and the music's on fire  
Lucy's gonna take this wire to wire  
Now I'm dancing with an angel  
And I'm crying, it's painful  
'Cause the dream that she was made for  
Will live on forever

Oh, Lucy won't fight, she knows she's right  
She says she wanted one more jam with us tonight  
And I'll tell you everything I ever learned about life  
Is that Lucy's a bad-ass, and Lucy's fucking right, oh
