Strangers

Mt. Joy

Well I guess I'll have to fall in love with strangers
Go ride through New York City like I'm famous
And if our lives don't work then we can change 'em
Lord knows we'll change, love will rearrange us, like

If you want freedom, you better free someone
Better not run when I'm hanging on, like
If you want freedom, you better free someone
Better not run when I'm blind

Cause I am over you, I am over you
And I am over you, I am over you
I am over you, and I am over you
Flesh wound, little flesh wound

I guess I'll have to fall in love with strangers
Go ride through New York City like I'm famous
And I did not want our love to be erased, but
Lord knows we chased it, love just rearranged us

I'm everything I thought I was, even if I don't have much
My blue side, my fire eyes, my heart keeps me in the fight, lik
e
If you want freedom, you better free someone
Better not run when I'm blind

Cause I am over you, I am over you
And I am over you, I am over you
I am over you, and I am over you
Flesh wound, little flesh wound

Solo, other side now
I will be alright
Solo, other side now
I will be alright

I guess I'll have to fall in love with strangers
Go ride through New York City like I'm famous
And I did not want our love to be erased, but
Lord knows we chased it, love just rearranged us
