

Burn on Marlon

Mud

So you think you can dance,
We're gonna give you a chance,
Come on and show us what you can do.
With the music going loud,
Are you one of the crowd,
See the bright lights just for you.
Don't you act so shy,
And let the time go by,
There ain't no flies on you.
You're turning on the heat,
And rocking on the beat,
Yeah that's what you gotta do.

Burn on Marlon
Be gone, be gone.
Burn on Marlon and dance the night away.
Burn on Marlon
Be gone, be gone.
Burn on Marlon,
Dance the night away.
(Burn on Marlon)

When all is said and done,
You are the only one,
Who can love her kiss tonight.
We know you've waited all day,
And now it's your turn to play.
C'mon and rock and roll out of sight.
The way you hit the stand,
You're just a one-man band,
The one we want to see.
Well you play it loud,
You're drifting on a cloud.
Did you ever notice me?

Burn on Marlon
Be gone, be gone.
Burn on Marlon and dance the night away.
Burn on Marlon
Be gone, be gone.
Burn on Marlon,
Dance the night away.
(Burn on Marlon)

Burn on Marlon
Be gone, be gone.
Burn on Marlon and dance the night away.
Burn on Marlon
Be gone, be gone.
Burn on Marlon,
Dance the night away.
