

## Can't Stop

Mud

I know you know the way I feel about you, baby.  
I guess it shows in everything I do.  
I want the world to see,  
It ain't no passing thing.  
It's how I wanna be  
Must be the love you bring.

Chorus

And I can't stop, thinking about you.  
Can't stop (oh baby), doing without you  
(Oh baby) you gotta hold on me.

I used to be the one to doubt it ever happened  
Then you came and that broke all the rules  
When I look in your eyes  
It makes me realise  
I'm doing what I should.  
It's never been so good.

Chorus

No matter what they say.  
You can't hide love away.

Chorus

Repeat Chorus and fade.
