

## Don't You Know

Mud

I can see clearly now the way it's gonna go  
I can see my world come and go  
Though the road begins to wind  
In the distance there's a sign.  
Don't you know I've been away too long.

Gone are those hazy days that clouded up my mind.  
All of those bad times left behind.  
Can't you see I have to roam?  
But now I'm coming home  
Don't you know I've been away too long

I've seen faces, places,  
You may never see.  
Done most things I never thought I'd do  
Making like those bright lights  
Sleeping days and long nights

Now I know I must go where I belong  
To the place that's waiting for me  
Don't you know it's waiting for me?  
Oh, I know that I've been lonely too long.

I'm gonna get myself a place back in the sun  
Don't have to hide, just gotta run.  
Though this life is getting older  
And I'm seeing things much bolder  
Don't you know I've been away too long
