

I Can't Stand It

Mud

Don't try to deceive me By trying to please me. You found a new
guy Don't lie, I can't stand it.

Why don't you come clean now. Excuses are weak. Don't speak. I
can't stand it.

You know I really feel. This hurt will never heal. I can't stand
it. Oh no, I can't stand it. It's how you planned it. Oh no,
I can't stand it.

The way that you hold me. Says everything, Don't cling. I can't
stand it.

The way that you cheated. Started a fight, All right. I can't stand
it.

You know I really feel. This hurt will never heal. I can't stand
it. Oh no, I can't stand it. It's how you planned it. Oh no,
I can't stand it.
