

## Just Try (A Little Tenderness)

Mud

Darlin' believe me,  
I told you that I love you but you leave me.  
Darlin', darlin.  
You'll never know how much I care.  
Its alright tonight  
Any way you want me now it turns right.  
It's alright, alright,  
And I've got all the love to share.

Chorus

Just try a little tenderness,  
Just try and time will do the rest.  
You know I'll always be,  
Loving you, why can't you see  
Just try a little tenderness,  
It's you and only you know best.  
And who's to reason why,  
Oh baby won't you try.

Darlin', don't tease me  
You never try to reason why you please me.  
Darlin', oh darlin'.  
Help me cos I need you here.  
Its alright, tonight,  
Come closer can't you see I need you,  
Don't fight.  
It's alright, alright,  
Oh don't you know I'm waiting here.
