

Beautiful Blue

Mudcrutch

The shadows from the footlights made you fifty foot tall
I watched you as the music bounced around the hall
You called me in the morning and sent your car for me
I stumbled as I kissed you dropping ashes in your tea

I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I do, I do

Around you there's a color
A shade unlike the rest
You're laughing and you're easy
The way I know you best

I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I do, I do

Gonna move outside the city
I know some friends out there
In a tree with painted bottles
Watch the sun dance on your hair

I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I do, oh, I do

I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I wanna wrap you up in a beautiful blue
I do, oh, I do
