

# House of Stone

Mudcrutch

That woman  
Lives in a house of stone  
You better not cuss  
You better not roam

She'll put you out  
On your ass all alone  
That woman  
Lives in a house of stone

Fair lady  
Give a drunkard a chance  
Got a brand new suit  
I got two pair of pants

Easy on the eyes  
And I love to dance  
I could dance right now  
If you give me the chance

I'm waiting for a man  
But he hasn't shown  
I'm on the corner freezing  
Through my bones

Give me one more week  
I'll make good that loan  
To that woman  
Up in that house of stone

The deacons in her church  
Say to leave me alone  
They say my brain  
Is in the twilight zone

And maybe I sin  
But I ain't high tone  
I'm after that girl  
In that house of stone

I'm after that girl  
In that house of stone
