

I Forgive It All

Mudcrutch

Take my horse down to the water
Let him graze awhile
Take my horse down to the water
Let him graze awhile

I have not been down these roads since I was a child
I ain't broke and I ain't hungry but I'm close enough to care
I ain't broke and I ain't hungry but I'm close enough to care
Send my things to my niece Laura

She'll keep 'em over there
I forgive it all, I forgive it all
With her, I forgive it all

There ain't no money in this deal, I just tag along
There ain't no money in this deal, I just tag along
Some things I feel right, somebody else thinks wrong

I forgive it all, I forgive it all
With her, I forgive it all

People are what people make em' that ain't gonna change
People are what people make 'em, that ain't gonna change
There ain't nothing you can do, nothing you could rearrange

But I forgive it all, I forgive it all
With her, I forgive it all
