

Dehumanized

Mudhoney

I accept no conditions
I just take what I want
I have no reputation
That I must maintain

I've been dehumanized by the city
I've been americanized by the pity
I've been dehumanized by the city
I've been americanized by the pity

You tell my intellect
Is not a product
Of my instrument
I think you're full of shit

I've been dehumanized by the city
I've been americanized by the pity
I've been dehumanized by the city
I've been americanized by the pity

No feelings of sorrow
And no feelings of joy
I'm just a product
Of your ignorance

I've been dehumanized by the city
I've been americanized by the pity
I've been dehumanized by the city
I've been americanized by the pity
