Kill Yourself Live

Mudhoney

When I kill myself live
I got so many likes
Go on give it a try
Kill yourself live
You'll never be more famous
You'll never be more popular

Everyone will be watching on their little screens
It will be fabulous
It will seem so unreal

Kill yourself live
Kill yourself live
Kill yourself live
Kill yourself live
Do it for the likes

Be creative
Show us what you got
Make it clean and quick
Or do it nasty and sick

Use a filter with bunny ears
Maybe add some dancing fruit
Lock yourself in the freezer
Get naked and peel off your skin!

You can leave your hat on
You can blow your head off!
Smash your tail light and drive
'Till you get pulled over

Kill yourself live
Kill yourself live
Kill yourself live
Kill yourself live
Do it for the likes

You're such a special child
You'll be memorialized!
They'll ask how society failed you
They'll pass along your name
And you'll live on
And you'll live on
And you'll live on

You'll live on in digital garbage
You'll live on in digital garbage
And you'll live on
Lest we forget...
