

Stab Your Back

Mudhoney

Stab your back, stab your back
Stab your back, stab your back

Well, you used to hang around on the rails, yeah
You know they was your patch
But there's a brand new kid in town
Ain't never gonna let you, gonna live it down

Stab your back, stab your back
Stab your back, stab your back

Well, now I'm gonna stab your back
You ain't nothing but a dead hack
Now that you're twenty five
Never gonna live till you're twenty nine

I'm gonna

Stab your back, stab your back
Stab your back, stab your back
Stab your back, stab your back
