Bless the weeds that grow on the yard Just like rain and dust appear Bless the dogs who talk to ferns Let's, let's kiss the boys who pee in mud

Ooh ooh ooh ooh

Ooh ooh ooh ooh

Bless the weeds that grow on the yard Just like rain and dust appear Bless the dogs who talk to ferns Let's, let's kiss the boys who pee in mud

Kiss the girls who clean the cheese
Bless the bee that clings and then leaves
Kiss the hart who spread manure
Here, go go smear the poison ivy
Let your crooked hands be holy

Bless the does who got too fat
Bless the bee that clings and then leaves
Kiss the hart who spread manure
Go go smear the poison ivy
Let your crooked hands be holy
