

Honey

MUNA

And even if I am not alone
I know I'll hold heart close
I know I'll hold heart close

In the shade, in the shade
In the sun, in the sun, oh-ooh
It's the same, it's the same
Honey, sweet honey
Sweet
Sweet
Sweet
Sweet

I couldn't care for you I said and I turned away
"You love that honeydew, do you?"
"I do," I dare say
That even with all eyes on our hands
I know I'll gladly stand
I know I'll gladly stand

In the shade, in the shade
In the sun, in the sun, oh-ooh
It's the same, it's the same
Honey, sweet honey
Sweet
Sweet
Sweet
Sweet

In the shade in the shade, ooh-ooh
In the sun in the sun, ooh-whoa
I'm amazed, you're made of honey
Sweet honey
Sweet
Sweet
Sweet
Sweet
