

Runner's High

MUNA

Since I left
I've not been drinking or staying out late
I get up early and I meditate
Paint the walls a different color

I've been doing
Almost everything I wanted to
Shame I couldn't do it with you
Maybe it's just human nature and I

Didn't fake those tears
But I haven't felt like crying
Since I put the car in gear
I've been

Feeling alright
Moving fast so you can't cross my mind
Sometimes I wonder if I'm
On a runner's high

Didn't stay for the fight
Honey, you should see me fly
Since I ran out on you, I'm
On a runner's high

(On a runner's high)

If I regress
And picture you laying with her
You'd think that I'd find it disturbing
But it doesn't really hurt me
I've been

Feeling alright
Moving fast so you can't cross my mind
Sometimes I wonder if I'm
On a runner's high

Didn't stay for the fight
Honey, you should see me fly
Since I ran out on you, I'm
On a runner's high

Hit me so I know I can feel something
You said I'd regret when I was leaving
Funny how a fall can feel just like flying
When I'm waiting for it to

Hit me
(Hit me so I know I can feel something)
But I'm feeling alright
(You said I'd regret when I was leaving
Funny how a fall can feel just like flying)
Am I on a runner's high?
