

## Solid

MUNA

She is not a screen on which you project  
She is not a scene on your movie set  
She is not a mirror in which you reflect  
Yeah, she is of material substance

She's so, so, so solid  
(She's so solid, my baby, she's so solid)  
Yeah, yeah, yeah  
My baby's so solid  
(She's so solid, my baby, she's so solid)  
She's so, so, so solid  
(She's so solid, my baby, she's so solid)  
Yeah, yeah, yeah  
My baby's so solid, so solid

She is like a bullet in between your eyes  
She is fully loaded and pressurized  
She is like a pearl coming out the shell  
Yeah, you can tell she made herself all by herself

She's so, so, so solid  
(She's so solid, my baby, she's so solid)  
Yeah, yeah, yeah  
My baby's so solid  
(She's so solid, my baby, she's so solid)  
She's so, so, so solid  
(She's so solid, my baby, she's so solid)  
Yeah, yeah, yeah  
My baby's so solid, so solid

She's making a plan  
She's taking it higher  
She's using her hands  
She's pulling the levers  
She's dotting her Is  
She's checking the levels  
She's using her mind  
She's doing better

She's so solid  
(So solid, my baby, she's so solid)  
Yeah, yeah, yeah  
My baby's so solid  
(She's so solid, my baby, she's so solid)  
She's so, so, so solid  
(She's so solid, my baby, she's so solid)  
Yeah, yeah, yeah  
My baby's so solid, so solid
