LINCHPIN

I've noticed that you can't even bare to look and see  
Take out those drunken eyes and learn just how to be  
I hear you calling but you will not let me speak  
Can't hide it any more, your wall's about to leak

Chorus

You got to let me in, to pull the root,  
You got to let me in, to find the truth and pull the linchpin  
It's got to end now it has gone way too far  
The sparkle robber overdosed in his car  
They found a note that he left on the ground  
It said yours was the strongest sparkle that he'd ever found

Chorus

And it's nearly over  
And you're my lover  
But it won't be over  
'till we pull the linchpin
