

It's a Secret

Mungo Jerry

Last night I went to dance down my road
While I was there I met a young girl that I know
She's got big round eyes and long dark brown hair
I smiled at her when I saw her standing there

It's a secret what I saw last night
It's a secret who I kissed goodnight
It's a secret, no I can't tell you her name

We stood together and we listened to the band
We began to dance and I squeezed her hand
Her cheek touched mine and I held her tight
We danced together for the rest of the night

It's a secret who I danced with last night
It's a secret who I held tight
It's a secret, no I can't tell you her name

As time went by I said I must leave

She came outside to say goodnight to me
With my [?] gaze into her eyes
They began to sparkle, so I kissed her goodnight

It's a secret who I held tight
It's a secret who I kissed goodnight
It's a secret, no I can't tell you her name

It's a secret who I held tight
It's a secret who I kissed goodnight
It's a secret, no I can't tell you her name

It's a secret who I held tight
It's a secret who I kissed goodnight
It's a secret, no I can't tell you her name

It's a secret who I held tight
It's a secret who I kissed goodnight
It's a secret, no I can't tell you her name...
