

Wild Love

Mungo Jerry

Well, she knows how to rock it, knows how to groove
Rock and roll ya, move your groove
Well, she make you feel great, make you feel crazy
Hazy days in crazy ways

Wild, give me wild love
Wild, give me wild love

Well, she makes you feel beat, makes you feel booty
Hits you so high, don't know what you're doing
She's a cat, she's a kitten, woman, she's a child
Lifts you up high, higher and higher

Wild, give me wild love
Wild, give me wild love

By the dark of the day, by the light of the night
By the sound in the silence, the noise in the quiet
She comes in so swift, with the halo of rainbow
With the sunlight, that thing is fable

She's wild, she's wild, she's wild, she's an angel child

Wild, give me wild love
Wild, give me wild love

Tickie, dom dom, hey
Tickie, dom dom, hey
Wild, wild, wild, wild

Tickie, dom dom, hey
Tickie, dom dom, hey
Wild, wild, wild, wild

If she is believing she walks like a tiger
Sounds like a lion, roars like a wildcat
Hits you like thunder, crabs you like lightning
Truly like morrow, she is like Monroe

She's wild, she wild, she wild, she's an angel child
She wild, she wild, she wild, she's an angel child
She's so wild, she's an angel child
She's so wild, she's an angel child

Wild, give me wild love
Wild, give me wild love
Wild, wild, give me wild love
Wild, wild, give me wild love
