

# Bodies

Muni Long

Oh, oh, oh  
Yeah, yeah

How many bodies?  
Wanna know how many bodies  
So many bodies, I would never tell anybody  
How many bodies?  
Wanna know how many bodies  
So many bodies, I would never tell anybody

Back in the day, I made mistakes  
So what, I had a lot of sex? Least it was safe  
I might have had a one-night stand  
Or two, or three, or four  
But I don't live my life like that no more

Why you judging me when you could be loving me?  
Why ruin the moment with the questions?  
Bae, it's personal, the things you wanna know

How many bodies?  
Wanna know how many bodies  
So many bodies, I would never tell anybody  
How many bodies?  
Wanna know how many bodies  
So many bodies, I would never tell anybody

Uh, uh, no way, get up out my face  
Soon as I tell you what you want, your heart gon' break  
I mighta smashed the homie too, like once or twice  
It's so messed up, fuck these double standards  
Why?

Why you judging me when you could be loving me?  
Why ruin the moment with the questions?  
Bae, it's personal, the things you wanna know

How many bodies?  
Wanna know how many bodies  
So many bodies, I would never tell anybody  
How many bodies?  
Wanna know how many bodies  
So many bodies, I would never tell anybody

I'll never tell, I'll never tell  
How many bodies  
You wanna know? Oh well  
Can you love me for me? Ain't that enough?  
If it ain't, is it really love? Oh

How many bodies?  
Wanna know how many bodies  
Oh, I will never tell anybody  
Wanna know how many bodies  
So many bodies, I would never tell anybody  
No, no, no

Why you judging me when you could be loving me?  
Why ruin the moment with the questions?  
It's personal, the things you wanna know

How many bodies?  
Wanna know how many bodies (Bodies)  
So many bodies, I would never tell anybody  
How many bodies?  
Wanna know how many bodies (Ooh-ooh)  
So many bodies, I would never tell anybody (Anybody)
