

# Breakin Up

Muni Long

Breaking up  
Breaking up  
Won't be no mo making love  
No way no making up  
Breaking up  
Breaking up  
Break Up We gon Break Up  
We bout to break up We gon break up

We always on ten  
We just better off friends  
When I'm with you it's lit  
We were such a good fit  
Was it something I did  
Must be something you did  
Some things you can't fix  
Like this

Breaking up  
Breaking up  
Won't be no mo making love  
No way no making up  
Breaking up  
Breaking up  
Break Up We gon Break Up  
We bout to break up We gon break up

How do you break up  
With someone you love  
Do you trash all the pictures  
And throw out the stuff  
Move on and go find you a crush  
That's how you break up  
With someone you love

Breaking up  
Breaking up  
Won't be no mo making love  
No way no making up  
Breaking up  
Breaking up  
Break Up We gon Break Up  
We bout to break up We gon break up

Breaking up  
Breaking up  
Won't be no mo making love  
No way no making up  
Breaking up  
Breaking up  
Break Up We gon Break Up  
We bout to break up We gon break up

Break up  
We bout to break up  
Flowers can't save us  
We Bout to break up

I'm not yours  
We're not together no more  
We bout to break up boy  
Ooooh. Oohh oooo  
Break up break up break up  
Nothing can save us  
We bout to break up break up
