IMU

Muni Long

You know I need it, baby
How come?

How come I miss you
If I ain't supposed to?
I really miss you
What am I gon' do?
I wanna fall through
I wanna call you
But if I do
Will I get through
Or will I miss you?

I ain't too proud to say I miss you
I'm texting you like "Bae, I miss you"
I tell you everyday "I miss you"
I ain't too proud to say I miss you

If I'm wrong, then I'm wrong
And I'll say that I am
But I cannot be wrong
Every time, I mean damn
'Cause if it's always me that's the first to give in
It kinda makes me wonder if you're really my best friend
Do you wanna dip
On this relationship?
If you do, there's just so many things I'm gonna miss
I don't care what they say
My life is better with you
I don't care what they say
A real nigga miss you
Even though you were wrong, wrong, wrong
I just can't stand to be away from you this long

I ain't too proud to say I miss you (I ain't too proud to say, oh)
I'm texting you like "Bae, I miss you"
I tell you everyday "I miss you"
I ain't too proud to say I miss you (Woo)
I ain't too proud to say I miss you (Can we rewind?)
I'm texting you like "Bae, I miss you" (Go back in time)
I tell you everyday "I miss you" (Retrace, erase)
I ain't too proud to say I (Backspace, escape)

Can we rewind? (Woo, woo)
Go back in time (Go back in time)
Retrace, erase (Erase)
Backspace, escape (Escape)
Can we rewind? (Can we go back in time?)
Go back in time (Oh, oh)
Retrace, erase (Yeah)
Backspace, escape (Yeah)

I really wish we could rewind
And I can take back all the things I said
And you could undo what you did
'Cause I'm not ready for this to end
And I'm not afraid to say that I miss you, I do

I ain't too proud to say I miss you (Can we rewind?)
I'm texting you like "Bae, I miss you" (Go back in time)
I tell you everyday "I miss you" (Retrace, erase)
I ain't too proud to say I miss you, ooh, ooh (Backspace, escape)

You, you, you
You, you, you, oh
I ain't too proud to say I miss you
