

Nekkid

Muni Long

When you met me I was draped in. Vintage Prada
On our second date couture balenciaga
And I complemented you on your Fear of God
We were dripping turning heads in our designer
Young Naomi, on the runway
Bought a ticket, it's a one way
Baby you make
You make

You make me wanna get nekkid
Get you tatted tell the world that I am taken
Me and you
Vibing while I'm counting your tattoos
I lost count after 92
Started over like
3, 17, 27, 39, 45
Bible verses on your heart
Lying nekkid in the dark
Tracing Bible verses on your heart
Bible verses on your heart
Lying nekkid in the dark
Tracing Bible verses on your heart
You make me wanna get nekkid
Get you tatted tell the world that I am taken

When you met me you told me I was a Goddess
You was thuggish
I was fuckin witcha rawness
I just wanted to be yours
I was aiming for
Being more than just a Venus and Adonis
Being honest, I knew early
You were cautious, now you're my bae
Baby you make
You make

You make me wanna get necked
Take it off and strip it back down to the basics
Me and you
Vibing while I'm counting your tattoos
I lost count after 92
You make me wanna get nekkid
Get you tatted tell the world that I am taken
