

# Pain

Muni Long

Why is it so hard to keep it real?  
And why don't you just tell me what you feel? Oh why?  
Want a homie, lover, friend  
Someone who's genuine  
So if you didn't love me, baby, why would you pretend?

If you knew me back then  
You don't know me now  
Things are different and let me show you how  
I'm not the same, I've changed  
And you feel that pain, I hope you do  
And when you do, I'm telling you

That's that pain, that's that pain  
Do you feel that pain? That pain, uh  
That's that pain (I know), do you feel that pain?  
I hope you cry, hope it cross your mind least once a day

Now I done tried to keep it kosher, keep my petty low  
Don't play with me, don't play with me, 'fore I put on a show  
I'll wake this whole neighborhood up  
I'll make a nigga wish he would've  
Loved me better, treat me gooder  
When all I wanted was forever

You knew me back then  
You don't know me now  
Things are different and let me show you how  
I'm not the same, I've changed  
And you gon' feel that pain, I hope you do  
And when you do, I'm telling you

That's that pain, that's that pain  
Do you feel that pain? That pain, uh  
That's that pain (I know), do you feel that pain?  
I hope you cry, I hope it cross your mind least once a day

That's that pain, that's that pain  
Do you feel that pain? That pain, uh  
That's that pain (I know), do you feel that pain?  
I hope you cry, I hope it cross your mind least once a day

That's that pain, I hope you feel it, hope it hurt  
Hope it knocks you off your feet  
I hope it put you in the dirt  
Skrrrt, skrrrt, standing there on the curb  
Looking stupid, watching these four Pirellis burn  
I hope it hurt, I hope it hurt over and over again  
Pain  
Pain  
Feel what I feel when I felt what I felt  
(Yeah)
