Muni Long

XL Eagle

The last one you fucked was a groupie fan
Always taking pictures for they Instagram
When it's really real ain't gotta do the most
I ain't gotta post, if you know you know
I ain't gotta brag for the world to see
All that I'm concerned with is you and me
You ain't never gotta be paranoid
If I take a picture it's a Polaroid

Polaroid, Polaroid
If I take a picture it's a Polaroid
Polaroid, Polaroid
If I take a picture it's a Polaroid
Maybe 'cause your body is a work of art
Maybe 'cause I really like your body parts
You ain't ever gotta be paranoid
If I take a picture it's a Polaroid

I just wanna see you when you're not around
This the kinda photo that you don't take down
I just wanna have you on my wall in my room
Look at you and think about your sweet perfume

Put you in the crack of the mirror
In between the wood and the glass
Looking at myself in the mirror
Baby, you'll be looking right back
I ain't gotta tell nobody
I took these for myself, no cap
I think you better ask somebody
I would never do you like that

I'm not a groupie fan
Always taking pictures for my Instagram
When it's really real ain't gotta do the most
I ain't gotta post, if you know you know
I ain't gotta brag for the world to see
All that I'm concerned with is you and me
You ain't never gotta be paranoid
If I take a picture it's a Polaroid

Polaroid, Polaroid
If I take a picture it's a Polaroid
Polaroid, Polaroid
If I take a picture it's a Polaroid
Maybe 'cause your body is a work of art
Maybe 'cause I really like your body parts
You ain't ever gotta be paranoid
If I take a picture it's a Polaroid

Ooh, stay right there, don't move
Baby, you make me wanna capture this moment
This is our little photoshoot
Strike a pose like a model do
Wanna make sure you're comfortable

I can stop if you want me to

Put you in the crack of the mirror
In between the wood and the glass
Looking at myself in the mirror
Baby, you'll be looking right back
I ain't gotta tell nobody
I took these for myself, no cap
I think you better ask somebody
I would never do you like that
