

Revenge

Muni Long

I ain't never hating
Or retaliating
I let karma take it
Lord knows I've been patient
Used to call me "baby"
But now you can't call me "baby"
Just come pick your stuff up
'Fore the neighbors take it

I just keep on finding out shit about you (I'm cool)
So uncomfortable when I'm around you (I'm cool)
Swear that I just want my lick back (That's you)
Boo, I'm not like you

Not looking for revenge
Especially on someone I once considered a friend
I'd rather make amends
'Cause I loved you to no ends
Not looking for revenge
Right now it's 1 AM
And I don't know where you've been
Or who you with
But fuck that bitch

I ain't gon' key your Benz up
I ain't gon' bleach your Jordans
I ain't with none of that weak shit
'Cause I'm too important
What would make you go and throw it all away?
If I never leave, you're never going to change

You keep lying on me to your mama (It's cool)
Gaslighting me, it's leaving trauma (It's cool)
I keep telling you I don't want no problems (That's you)
Boo, I'm not like you

Not looking for revenge
Especially on someone I once considered a friend
I'd rather make amends
I loved you to no ends
Not looking for revenge
Right now it's 1 AM
And I don't know where you've been
Or who you with
But fuck that bitch

So many nights I've cried for you
But what can tears fix?
You know I woulda died for you
One night I almost did
And I'll never put my trust in a man like that
Never again
Never again
If this is the end
Then my payback is to say that
Baby, I don't want to change you
But I'm not stayin' until I hate you

Not looking for revenge (Revenge)
Especially on someone I once considered a friend
I'd rather make amends (Make amends, make amends)
'Cause I loved you to no ends
Not looking for revenge (I ain't lookin')
Right now it's 1 AM
And I don't know where you've been
Or who you with
But fuck that bitch (That bitch)

Not looking for revenge (Revenge, revenge, revenge, revenge, revenge, revenge)
Not looking for revenge (Revenge, revenge, revenge, revenge, revenge, revenge)
I don't want revenge, I promise
I don't need that on my conscious
I don't want revenge, I promise (Revenge, revenge, revenge)
I don't need that on my conscious (Revenge, revenge, revenge)
