

Sneaky Link

Muni Long

La, la, la, la, la
No, ooh-wee
Ooh-wee, ooh-wee, ooh-wee-ee-ee

Say you my little link when I am feeling low (Feeling low)
Come over, let's get Wingstop, I like buffalo (Hot buffalo)
With some ranch for the dipping (Dipping)
Smoke hookah with my chicken (Chicken)
Baby, you're so finger licking (Finger licking)
Baby, you're so finger licking
Do you want tequila or red wine?
Or Hennessy? It's whatever you like, uh
Baby you're such a fucking vibe
Wanna give you all of my time
Don't know why you're not mine

Baby I done fell for my sneaky link
It was just supposed to be-
Some sex and Hennessy
I can't explain what it's done to me
I done fell for my sneaky link
Oh, I done fell for my sneaky link
Can't explain what it's done to me
What we
Ooh-wee, what we
I done fell for my sneaky link

My feelings got no business being here
Even though I cherish every moment that we share
Dangerously in love
Damn, I fucked up
It can't be no us (Be no us)
And it's just because (Ooh)
You just my sneaky link, I knew it from the start
(From the start)
Boy I done messed around and let you in my heart
(Let you in my heart)
I know your body parts, boy I'm on every part-
Of you
My boo, my boo
And I wanna tell you but I'm scared
Cause you might not care how much I care
Oh I, wanna risk it but I wouldn't dare
Cause I don't know if the love is there

Baby I done fell for my sneaky link
It was just supposed to be-
Some sex and Hennessy
I can't explain what it's done to me
I done fell for my sneaky link
Oh, I done fell for my sneaky link
Can't explain what it's done to me
What we
Ooh we, what we
I done fell for my sneaky link

Baby I done fell for my sneaky link (I done fell)

It was just supposed to be- (It was just supposed to be)
Some sex and Hennessy (Sex and Hennessy)
I can't explain what it's done to me
I done fell for my sneaky link (I done fell)
Oh, I done fell (Woo) for my sneaky link (Woo, ooh)
Can't explain what it's done to me (I can't explain it, no)
What we (What we)
Ooh we (Ooh we), what we (What we)
I done fell for my sneaky link

Baby I done fell for my sneak link (My sneaky link)
It was just supposed to be- (It was just supposed to be)
