

# Time Machine

Muni Long

Yeah, yeah  
Oh, oh  
Ooh (Uh)  
Yeah, yeah  
Oh yeah

Eventually the good girls make bad decisions  
Like fuckin' with the bad boys  
Who fuck all the women

And then somewhere, there's a transition  
Turn the good girls into bad bitches  
But she would do it over  
If she had three wishes  
She is me

One  
I wish I never in fell in love  
Two, I  
I wish I never fell for you  
Oh, three  
If I just had one more wish  
I'd go back and do it all over again

Wish I had a time machine  
Baby, if I had a time machine  
I would hop inside my time machine  
And rearrange history  
Get rid of some of these memories  
Anything that ain't servin' me  
I wish I had a time machine  
Go back to when you lied to me  
Oh, I was so sad  
That's the day a good girl turned bad

Tried to act like I ain't care but I was bothered  
Usher, I had it bad  
You had me caught up  
It done turned me to a savage like Rihanna  
Ugh, I put that on your father  
When the situation's so bad  
If you stay, it's disrespectful  
I thought I was special  
And that's why it was so hard  
For me to let go, oh ooh

And then somewhere, there's a transition (Oh, yay)  
Turn the good girls into bad bitches (Oh, yay yeah)  
But she would do it over  
If she had three wishes  
She is me

One  
I wish I never in fell in love  
Two, I  
I wish I never fell for you  
Oh, three

If I just had one more wish  
I'd go back and do it all over again (Over and over and over and over and over again)

Wish I had a time machine (Said I wish I)  
Baby, if I had a time machine (Yeah)  
I would hop inside my time machine (Yeah)  
And rearrange history (History)  
Get rid of some of these memories (Get rid of these memories, yeah)  
Anything that ain't servin' me  
I wish I had a time machine (I wish I had)  
Go back to when you lied to me  
Oh, I was so sad (Oh, I was)  
That's the day a good girl turned bad (That's the day a good girl went bad)

Oh, oh  
Yeah, yeah  
I wish, I wish  
I wish I could have it  
I'd go, I'd go  
Oh  
Yeah, yee, yee hee  
I wish I had a time machine  
I wish I had a time machine  
I wish I had a time machine  
Where the f- I get a time machine?  
I want a  
Yeah, ah, ah, ah
