

# To Do List

Muni Long

Oh, oh  
Oh, ah  
Yeah, yeah, yeah  
Yeah

You been on my to do list  
If you wanna do this  
This moment is perfect  
Let's go on and do it  
On my to do list  
And I'm in the mood it's  
Just best that we undress  
And go on and do it  
So many things I wanna do  
And I wanna do them all with you  
Baby, for so long I wanted to (To do, mm oh you)  
You don't gotta do nothing that you don't really wanna do  
I'ma leave it up to you  
Just tell me what you wanna do

At this point, you should be undressin'  
Baby, take off that Heron Preston  
I just wanna rub on ya chest and  
Let you put your hands on my breast and  
Can we do this every weekend?  
This weekend, next weekend, next weekend  
Monday, we tired, no sleepin'  
Mouth full of meat, baby need to go vegan

So many things to do  
Got work, I got plans, I got school  
I got bills and they need to be paid  
I got demons, they need to be slayed  
And baby I'm glad that you came  
And even gladder that you stayed  
Finally, I got what I prayed (Yeah)

You been on my to do list  
If you wanna do this  
This moment is perfect  
Let's go on and do it  
On my to do list  
And I'm in the mood it's  
Just best that we undress  
And go on and do it  
So many things I wanna do  
And I wanna do them all with you  
Baby, for so long I wanted to (To do, mm oh you)  
You don't gotta do nothing that you don't really wanna do  
I'ma leave it up to you  
Just tell me what you wanna do

Baby, tell me what you wanna do  
Can you tell me what you wanna do?  
Baby, tell me what you wanna do  
Tell me what you wanna do  
Can you tell me what you wanna do?

Baby, tell me what you wanna do  
Tell me what you wanna do  
Can you tell me what you wanna do?

Tell me what you wanna do  
Can you tell me what you gon' do?  
What you gon' do  
What you gon' do  
What you gon' do (Baby)
