

## Putting On Errors

### Municipal Waste

We have seen (Intolerance from all your actions)  
Never felt (No remorse, only satisfaction)  
We don't care (It's just the state of things today)  
What you've dealt (It's just the game we like to play)

So obscene (No consequence and lack of passion)  
Think we care? (A status from how much you cashed in)  
Never once (Have we cared what you had to say)  
Would we dare? (Much rather do it our way)

Be aware, we're putting on errors tonight  
Make no doubt, it will be one class filled site

Raising a clean  
Mirror towards the whole thing  
Your needs are conceived  
Your truth's just make believe  
Raising a clean  
Mirror towards the whole thing  
Your truth's just make believe

Be aware, we're putting on errors tonight  
Make no doubt, it will be one class filled site
