

## Break Me Out (Interlude)

Munn

I know you loved me like you love yourself  
That's why I'm breaking harder [?] like that  
I know, I know you did

I know you loved me like you love yourself  
Not very hardest broken at your will  
Can't escape from this pain  
That's all around us still  
Just break me out, hand me down

Oh, I need help  
Oh, can you break me out?  
I know you loved me like you love yourself  
Oh, I need help  
Oh, can you break me out?
