

# Fool For You

Munn

(I'm a fool for you)

I'm a fool for you (you)  
I'm a fool for you  
Swore to me  
Swore that you'd never leave, always be right there  
That you'd never leave my side  
Now you're up and gone  
Left alone to live my life  
Feel this pain again  
I think I would rather die  
When I found this place  
A prisoner of my own mind  
See that you're okay  
But you never felt the same  
Tell me "let it go"  
When I do, I hope you know  
You're all I've ever known  
That's the reason why

I'm a fool for you (you)  
I'm a fool for you

When will I learn  
When will I ever learn  
Learn to love myself  
Cause of you I found my worth  
Try to numb the pain  
But I swear the drugs don't work  
Nor does the love  
Love from another girl  
Ah ah ah ah ah  
Oo oo oo  
Oo oo oo oo

I'm a fool  
Lonely one I am  
And I admit  
You left me half a man  
That's the reason why

I'm a fool for you (you)  
I'm a fool for you (you)  
I'm a fool for you  
I'm a fool for you  
Oo oo oo oo oo oo oo oo oo  
Oo ah
