

forgiveness

Munn

Forgiveness comes in waves
Let this be the day the past loses hold of me
Wrongs won't make this right
I'm fightin' your fight

I gave this my all
Now I give it to you
Let it be used
To make somethin' new and beautiful
The longer I hold it
The deeper I fall
And the further I go from the light
God, it's eatin' me up inside

Help me let it go
Help me let it go
'Cause the longer I hold it
The deeper I fall in
And further I go from the light
God, it's eatin' me up inside

The bitterness won't die
It worsens with time
But vengeance won't set me free
To let go yesterday
Lord, I need Your strength

I gave this my all
Now I give it to you
Let it be used
To make somethin' new and beautiful
The longer I hold it
The deeper I fall
And further I go from the light
God, it's eating me up inside

Help me let it go (Help me)
Help me let it go (Help me to let it go)
'Cause the longer I hold it
The deeper I fall in
And further I go from the light
God, it's eatin' me up inside

Help me
Ohh
Ohh
Lord, can you help me?
Ohh (Help me)
Ohh (Help me let it go)

'Cause the longer I hold it
The deeper I fall in
And further I go from the light
God, it's eatin' me up inside
'Cause the longer I hold it
The deeper I fall in
The further I go from the light

God, it's eatin' me up inside (Help me)
