

## I Already Know

Munn

She taught me lessons more in love  
I feel like she wants less of us  
I see the writing she left on the wall  
I'm getting ready to fall

You don't need my love, no, not anymore  
You don't need my love  
You don't need my love, no, not anymore  
You don't need my love

I already know  
I feel it in my soul (Ooh, oh-oh)  
Can we just get this over? I need closure  
(Ooh-ooh, ooh, ooh-ooh, just let me go)

Uh, look, I felt the energy change in the room  
Brave to assume we could maintain, it's a get-through  
Tell me if I put your name in a tune  
If I made a whole playlist of you, would you skip through?  
If it's over, baby, then let me know (Let me know)  
Ran out of time without a metronome  
Follow your heart, I rather let you  
Even if it breaks mine, no, I won't forget you 'cause

You don't need my love, no, not anymore  
You don't need my love

I already know (I can see now, I can see now)  
I feel it in my soul (You're lettin' me down, lettin' me down)  
Can we just get this over? I need closure  
(Ooh-ooh, ooh, ooh-ooh, just let me go)  
(Ooh-ooh, ooh, ooh-ooh) Ooh, oh-oh  
Save your breath, don't say a word 'cause I already  
I already know (I can see now, I can see now)  
I feel it in my soul (You're lettin' me down, lettin' me down)  
Can we just get this over? I need closure  
(Ooh-ooh, ooh, ooh-ooh, just let me go)
