

i don't wanna ruin ur party

Munn

You hold my world, you pull the strings
So break my heart but let it sting
Taker your time, make me plead
I'll be the victim that you need

It's hard for somebody that loved you like I did
To see someone else wrapped around where I've been
This fucking kills me but it's what you're needing
I'll stick around just as long as I'm breathing

'Cause I don't wanna ruin your party
Where you see all the damage you've caused me
You get everything that you wanted
I don't wanna ruin your party

I don't wanna ruin your party
Where you see all the hell that you caused me

A heart can't judge if eyes don't see
The hellish ways you treated me
I'll take the pain and turn the cheek
I'll be the victim you'll always need

It's hard for somebody that loved you like I did
To see someone else wrapped around where I've been
This fucking kills me but it's what you're needing
I'll stick around just as long as I'm breathing

'Cause I don't wanna ruin your party
Where you see all the damage you've caused me
You get everything that you wanted
I don't wanna ruin your party

Not asking you to be sorry
But every bone in my body
Is telling me that I should go

But I don't wanna ruin your party
Where you see all the damage you've caused me
You get everything that you wanted
I don't wanna ruin your party

I don't wanna ruin your party
Where you see all the damage you've caused me
You get everything that you wanted
I don't wanna ruin your party

I don't wanna ruin your party
Where you see all the hell that you caused me
You get everything that you wanted
I don't wanna ruin your party
