

put me down

Munn

You know that I got problems
With the demons from my past
And I'm starting to feel the [?]
'Cause this battle might be my last
And I tried to be the best for you
Best for you but I

Did it again, did it again
But I [?] my friends point out my sins
I'm desperate for some [?] what I'm up against
The devil's got me imprisoned within
And all by my skin

You put me down
And I needed a pick me up
I'm not perfect
But darling, here we are
And you look at yourself
And I know you're in denial

You want me to [?]
It's far beyond my reach
And you want me to be a Jesus
So maybe Jesus is who you need
'Cause I tried to clean this mess for you
Be the best for you but I

Did it again, did it again
But I [?] my friends point out my sins
I'm desperate for some [?] what I'm up against
The devil's got me imprisoned within
And all by my skin

You put me down
And I needed a pick me up
I'm not perfect
But darling, here we are
And you look at yourself
And I know you're in denial

All I ever needed was a shoulder to cry on (Oh)
But you sleeves to clean [?] of me
You hold yourself higher

You put me down
And I needed a pick me up
I'm not perfect
But darling, here we are
And you look at yourself
And I know you're in denial
