

# Shipwreck

Munn

Our love is a sailboat baby  
But our sails haven't caught wind lately  
All we have is pointless conversations  
Drown me out with the noise of the ocean  
I'm so sick of the stormy waters  
You act like it doesn't even matter  
Our love is a sailboat baby  
But would you dive overboard to save me?

I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat

I don't wanna wreck  
I don't wanna wreck your heart  
Tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat

Our love is a sailboat baby  
Take me back to the night  
When you first met me  
Caught my eye from the star  
And you kept me  
I'm so sick of the way we're drifting  
I'd fall into your arms if you'd listen  
So scared 'cause these waves keep crashing  
But if I dive, will you jump in with me

I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat

I don't wanna wreck  
I don't wanna wreck your heart  
Tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat

Water's rising  
I can feel it I'm going down  
Will you save me?  
Don't let me drown  
Water's rising  
I can feel it I'm going down  
Will you save me?  
Don't let me drown

I don't wanna wreck

I don't wanna wreck your heart  
We don't wanna tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat

I don't wanna wreck  
I don't wanna wreck your heart  
Tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
I don't wanna wreck  
I don't wanna wreck your heart  
Tip the boat  
I don't wanna wreck  
I don't wanna wreck your heart  
We don't wanna tip the boat
