

# That Hurts More

Munn

Ooh, mm  
Oh

Thoughts of you just fill my mind when I can barely sleep at night  
Try to sleep, but rest is broken, barely think, my thoughts are stirred  
I still haven't caught my breath, you're moving on, it's so pathetic  
Try to keep it on the low, but trust me, baby, that hurts more

Thoughts of you just fill my mind when I can barely sleep at night  
Try to sleep, but rest is broken, barely think, my thoughts are stirred  
I still haven't caught my breath, you're moving on, it's so pathetic  
Try to keep it on the low, but trust me, baby, that hurts more

More

Trust me, baby, that hurts more  
(Try to keep it on the low) more, more  
Trust me, baby, that hurts more  
Try to keep it on the low, but  
Trust me, baby, that hurts more  
Trust me, baby, that hurts more  
Try to keep it, that hurts more

Thoughts of you control me still, and I ain't even with you now  
Always has been that last smile, I wouldn't know it's been a while  
I still haven't caught my breath, you're moving on, it's so pathetic  
Try to keep it on the low, but trust me, baby, that hurts more

Trust me, baby, that hurts more  
Trust me, baby, that hurts more  
Try to keep it on the low, but  
Trust me, baby, that hurts more  
More  
Trust me, baby, that hurts more  
Try to keep it on the low, but trust me, baby, that hurts more

I don't need your hands on me, no supernatural ecstasy  
You tried to hide your moving on, but please girl, that was plain to see  
Don't act like you didn't know, I told you it was him before  
You promised he was just a friend, trust me, baby, that hurts more

Trust me, baby, that hurts more  
Trust me, baby, that hurts more  
Try to keep it on the low  
Trust me, baby, that hurts more (oh)  
Trust me, baby, that hurts more  
Trust me, baby, that hurts more

I don't need your hands on me, no supernatural ecstasy  
You tried to hide your moving on, but please girl, that was plain to see  
Don't act like you didn't know, I told you it was him before  
You promised he was just a friend, trust me, baby, that hurts more

Trust me, baby, that hurts more  
Trust me, baby, that hurts more  
Try to keep it on the low  
Trust me, baby, that hurts more
