

Vino

Munn

Three things you should know
Is I'm foolish with my emotions
I hate it but when it rains
It's pouring
And I've always been prone to blowing
It up without signs of showing
It's coming, let the gifts I give
Be a warning

So some vino for the pain
That loving me will bring
When I walk out the door
Here you go
Red roses to replace
The half of you I take
Left a hoodie in your drawer
To fill that space
Oh and gold around your neck
In hopes you might forget
The way it's gonna end
So here you go
I'll buy you love for now
But when the high comes down
You'll see me for who I am
Throw it all out

Fourth but not the least
Of the things you should know about me
I'm a villain in some shiny armor
And it looks good on the surface
But none of us feel it's worth it
You're falling but you can't say
I didn't warn ya

So some vino for the pain
That loving me will bring
When I walk out the door
Here you go
Red roses to replace
The half of you I take
Left a hoodie in your drawer
To fill that space
Oh and gold around your neck
In hopes you might forget
The way it's gonna end
So here you go
I'll buy you love for now
But when the high comes down
You'll see me for who I am
Throw it all out

Oh, be in love
Till you see that all I've given is

So some vino for the pain
That loving me will bring
When I walk out the door

Here you go
Red roses to replace
The half of you I take
Left a hoodie in your drawer
To fill that space

So some vino for the pain
That loving me will bring
When I walk out the door
Here you go
