

# Wish You Were Wrong

Munn

I lost my breath  
I wasted it all on you  
I lost my breath  
Just for it all to fall through

So please, don't go  
I'm not ready  
You know I'm not ready  
You said you have to be alone  
Better without me  
Better without me  
I wish you were wrong  
I wish you were wrong

Can you feel my all  
Just to [?] you walk away  
Can you feel my all  
Still not worth it for you to stay

So please, don't go  
I'm not ready  
You know I'm not ready  
You said you have to be alone  
Better without me  
Better without me  
I wish you were wrong  
I wish you were wrong

You crushed all my pride  
You were right, you were right  
You knew this whole time  
That you'd be fine, that you'd be fine  
You crushed all my pride  
You were right, you were right  
But I wish you were wrong  
But I wish you were wrong  
But I wish you were wrong
