

## Make It Easy

Murray Head

If you're gonna let me down  
Make it easy, take it easy.  
If you take your love to town  
Don't tease me, please don't tease me.

I really don't wanna be humiliated.  
It's happened once or twice before.  
I promise you it isn't very complicated.  
Please don't come back for more.

Once I'm bitten, twice I'm shy.  
Believe me, please believe me.  
You will never see me cry.  
It ain't easy, oh it ain't easy.

I really don't wanna be humiliated.  
It's happened once or twice before.  
I promise you it isn't very complicated.  
Please don't come back for more.
