We explore the sudden emergence of Gorillas on the South West coast of North America

Definitely not native to this region

These creatures are already leaving an indelible mark on the urban landscape

Join us, as we journey deep in the jungle to expose this new phenomenon

Uh

This an animal's planet

I got animals dammit

My gorillas throw gang signs, y'all niggas can't handle it

Why y'all niggas can't handle it?

Why y'all niggas can't handle it?

My gorillas throw gang signs, y'all niggas can't handle it

This an animal's planet

I got animals dammit

My gorillas throw gang signs, y'all niggas can't handle it

Why y'all niggas can't handle it?

Why y'all niggas can't handle it?

My gorillas throw gang signs, y'all niggas can't handle it

Ha!

Deep in the jungles

Off of Nicolette

In front of Dorsey High with a marijuana cigarette

At the marketplace, very African

Sippin' on some liquor that I copped from the Pakistan

Shoelaces, red, gold, green

'Bout to hit up that parade for the Martin Luther King

Niggas at Louisiana Chicken sat trippin'

CK shirts on, Anti-Crippin'

Damn

I'm just try'na move these incense

This situation so intense

Still see the families barbecuein', drill teams in the middle of the street

this is how we do it

This was 9-6 and that was the jam still

Back when niggas banged heavy metal like anvil

Droppin' off the cliff on the head of that coyote

Gettin' chased by the blue bird, just like cody

Get it, forget it

I'm up at autobahn

Walkin' past people sellin' jewelry on they front lawn

Seen this rap nigga I used to have beef with

Walkin' in his tank top like he on some G-Shit

Just got his deal on some Crip wannabe shit

20 years later he was on some MTV shit

Anyways, I'm sidetracked on a tangent

Tryna finish tellin' you this story

This an animal's planet

I got animals dammit

My gorillas throw gang signs, y'all niggas can't handle it

Why y'all niggas can't handle it?

Why y'all niggas can't handle it?

My gorillas throw gang signs, y'all niggas can't handle it

My gorillas throw gang signs, y'all niggas can't handle it
Ha!

Saw my homies from my neighborhood comin' up the street
Dressed in all blue from the head to they feet
They didn't see me, but I seen them
I try to dip out that's when I hear the homie Demon he like
"What up Nick, cause?"
I'm like "Shit, fuck."
These motherfuckers God damn
I just don't understand
Gettin' caught up with these niggas wasn't part of the plan
I act like I'm happy to see 'em
I dap 'em up
And in the back of my mind I know they about to act up
"Haaa, what y'all niggas doin' up here?"
(Nothin' cause, heard some enemies was up here)
(You wanna leave Nick?)
(You got a problem?)
(Guess you only kick it with us when you got a problem.)
I just had them tools at my school last week
I told them fools they're trippin', then they came up there mad deep
A friend in need is a friend indeed
So I tried to distract 'em and I offered 'em some weed
It didn't work, they seen them dudes at the chicken spot
All them blood niggas standin' up on the rooftop
Didn't take long before they spotted us
And any other day they would've been done shotted us
Too many people in the street to bear witness
And they all hopped down from the roof with a quickness
I seen one of 'em try to reach in his waist
So colossus threw a barbecue grill in his face
Sparks flyin' everywhere, people is screamin'
That's when two of 'em tried to hop on Demon
And I seen a fist comin' out of my periphery
And all of the sudden the asphalt got slippery
I got hit
My feet slipped out from under me
Now I'm goin' down, down, down, like a submarine
Knocked out cold in the middle of Crenshaw
A nigga named Grit got credit for the pinfall
I woke up, slightly concussed in handcuffs
Bleedin' from my head, I could barely even stand up
Police askin' me what transpired
When I said I didn't know they was callin' me a liar
A call on they radio said shots fired
So they had to let me go 'cause a priority was hired
They drove off, tires screechin', lights flashin'
Homies pulled up and told me get my ass in
I got to the crib and I got me a ice pack
These niggas wanna smoke right before they go strike back
Now they got jokes, laughin' cause I got knocked out
I'm happy that I'm hope, I give a fuck what they talkin' 'bout
On the couch with a concussion, niggas clownin' me but well
It's better than havin' a concussion in the county jail, jail, jail, jail...

This an animal's planet
I got animals dammit
My gorillas throw gang signs, y'all niggas can't handle it

Why y'all niggas can't handle it?
Why y'all niggas can't handle it?
My gorillas throw gang signs, y'all niggas can't handle it
This an animal's planet
I got animals dammit
My gorillas throw gang signs, y'all niggas can't handle it
Why y'all niggas can't handle it?
Why y'all niggas can't handle it?
My gorillas throw gang signs, y'all niggas can't handle it
Ha! Ha! Ha! Ha!
This an animal's planet
I got animals dammit
