

Born & Raised

Murs

Born into this race raised in a rat race
No smile on my face came from a crack place
Double socks under my laces always had a thick tongue
Out the house at seventeen gotta get this shit young
Young groups no roots just a pristine sixteen
Raised at the taco truck born naked clean
Now I'm naked dirty and over forty still wordy
Life experience tells me we all worth it fuck
Born perfect and raised to be amazing
It's been some days since we were sleeping at the Days Inn
Eight deep trying to breathe on any beat
Catching feelings over broads like chillin abroad
If you feeling a cause, hip hop spirit is God
Raised by forefathers Short, Snoop, Tip, and Pac
Hit the booth with the truth
Hit the block with the knock
Hit your chick, with my, with my... my best thought

Born and Raised

I still got them free weights in my backyard
I hit the bench the same way I hit the track... hard
Raising the bar
I'm raising these stars, Apollo
These kids with the gimmicks they copy my image, now follow
I was the first rap nigga with a skateboard
I was the first rap nigga in the vape store
And it's all good but it's all facts
Just show some love to a thug cause its all black
Excellence a testament to my influence
Think you special playing these festivals, boy I been doing it
I played Coachella three times before you played it once
I gave you game you know my name so won't you say it once
The WeekEnd gave me props in his Vogue piece
Dude you from my city and you acting like you don't know... sheesh
No peace until there's justice
Next time you see me you in the streets you better duck bitch
