

Get Naked

Murs

5'10", pale skin, no bullshit
Thick as fuck, now I think I gotta pull this
...Them tattoos on her chest
Had to show her how we do this shit back West
I said, "You lookin like you came by yourself
I see you in the killer 'rees, is there anyone else?"
Like myself, heh you know that I'm the headliner
Back in the day, I was a good off-the-head rhymer
I'm free-flowin, now she's showin me some teeth
I don't know where this is goin but I'm hopin that at least..
..We can go and get some drinks
Have some conversation, I can see how she thinks
Cause if there ain't no connection
or no type of intellect, then I ain't gettin no erection
Not on no dead prez shit though
I'm tryna fuck, all that mindset shit can go
No disrespect bro, that's not me
If not tonight, then eventually
A gentleman is just a wolf bein patient
I'm hopin I can feel up on your booty while we waitin

My momma said she wanted somethin she can shake it to
So I thought about a song I can make for you
Without the cursin, I don't know if I can make it through
This is somethin for them {bitches} to get naked to
This is somethin for them {bitches} to get naked to
This is somethin for them {bitches} to get naked to
Without the cursin, I don't know if I can make it through
This is somethin for the {bitches} to get naked to

Now why is {bitch} such a bad word
when I call myself a nigga, that's just absurd
Every nigga ain't a king, every bitch ain't a queen
See that's really not my thing
Not tryna be a dictator, I'm just part of the scene
But you can get this dick, lady, if you know what I mean
She was only 19 but she was fine as fuck
But if you really wanna fuck with me, it's 20 and up
Uh, I took her bra off
Now hop up in the back seat and turn the car off
..Let's make a backseat baby
Pull them panties down, and spread ya ass cheeks, baby!
..I know that's crazy graphic
But if you still wanna do it, throw it back and let me smack it
..And I know that's hella ratchet
Educated street nigga, it's all part of the package
Shout out to Heart Break Gang
HBK, it's all love when we bang
From Richmond down to Daygo
It's so many pretty chicks, it's hard for me to say no

My momma said she wanted somethin she can shake it to
So I thought about a song I can make for you
Without the cursin, I don't know if I can make it through
This is somethin for them {bitches} to get naked to
This is somethin for them {bitches} to get naked to
This is somethin for them {bitches} to get naked to

Without the cursin, I don't know if I can make it through
This is somethin for the {bitches} to get naked to

What! What! What!

Okay Murs, yeah put me on a girls' song cause I'm the guy
that get all the girls I know I know, I say "What"
and they fuck, on each other, while I fuck, on another
While we watch, like two clocks on the wrist-es of the Ventions
out here gettin all the chickens front these niggaz out here trippin
Cause they don't know how to pick 'em, so they quickly become the victim
Mami lick 'em, mami lick 'em, I ain't talkin 'bout no tongue
She gettin paper so now she home less, no bum
And she got a roommate with her and they both so fun (both so fun!)\nBoth yellin out my name, yet I don't know theirs (ha!)\nHold on, no, y'all don't even gotta tell me bitch, I so don't care
Haha, my wrist is so sunny, so y'all sho' gon' share
Waddup 9th, too busy livin to hold on
Bitches take your heart and break it in two, ozone, turbo
Oh no, I got to stay on this player shit
And I stand on every word, so I don't budge when I say that shit
And I like all these bitches but I'm in love with the bankin shit
Cause the fakers'll shake as SOON as Diamond Lane ain't the shit
But so just enjoy the moment baby, enjoy the moment baby
Better have a condom cause I don't want no other babies (naw!)\nI just took a HOO now I'm walkin a lil' crazy
...Chu'ch, what! What! What! What!
