

Arsonist

Muscadine Bloodline

Burned it to the ground
Watched the flames surround us
We lit the spark and poured our heart like kerosene
Love's fire, wild with wonder
Ain't no stopping once it starts
And our desire just took a front seat
In the backseat of this car

And I'll be the arsonist tonight
Strike a match, we'll take our time
We'll just lay here 'til this bed of embers
Burns down to the remnants
Get an alibi, hide all the evidence
'Cause if this flame we have is such a crime
I'll be the arsonist tonight

Cast the blame on me
If the town gets talking
I'll take the heat
If you know how to tell a lie

You decide to go down with me
I ain't afraid to do the time it takes
To burn down this old house
That you don't wanna stay inside

Just know it

And I'll be the arsonist tonight
Strike a match, we'll take our time
We'll just lay here 'til this bed of embers
Burns down to the remnants
Get an alibi, hide all the evidence
'Cause if this flame we have is such a crime
I'll be the arsonist tonight

And I'll be the arsonist tonight

And I'll be the arsonist tonight
Strike a match, we'll take our time
We'll just lay here 'til this bed of embers
Burns down to the remnants
Get an alibi, hide all the evidence
'Cause if this flame we have is such a crime
I'll be the arsonist tonight
