

Can't Not Do

Muscadine Bloodline

I wish mama would've washed my mouth out that day I didn't watch it
Wish Daddy would've whooped my tail when he found those cigarettes under my bed
I've had way too many one more and im done days underneath this old hat
Yeah things like this don't let go just like that

Yeah we all got that somethin' that we can't help but do
Like missin' on somebody we didn't think we'd lose
Bad habits, we can't break 'em, kinda like me lovin' you
It's just one of those things I can't not do

Like callin' you up when the night gets old and I'm gettin' lonely
Yeah throwin' back anything tall and cold cause you don't want me
I've had way too many one more and I'm done days thinkin' 'bout ya breakin' my heart
It's like your memory is hauntin' me and wantin' me to close down this bar

Yeah we all got that somethin' that we can't help but do
Like missin' on somebody we didn't think we'd lose
Bad habits, we can't break 'em, kinda like me lovin' you
It's just one of those things I can't not do
Yeah I can't not do

Livin' like I'm barely breathin'
Tryin' to fix my way of thinkin'
Gettin' by just breakin' even
'Bout to break down

Yeah we all got that somethin' that we can't help but do
Like missin' on somebody we didn't think we'd lose
Bad habits, we can't break 'em, kinda like me lovin' you
It's just one of those things I need to lose
But it's one of those things I can't not do

That I can't not do
