

## Don't Say

### Muscadine Bloodline

Well you can say we can agree to disagree on little things  
You can say what I don't wanna hear I'm wrong  
You can say you're right every little fight  
Tell your friends like we're tallying up the score  
You can say what you want, just as long as I'm yours

But don't say I ain't what you need  
Don't say we ain't playing for keeps  
Don't say forever unless you're saving it for me  
Don't say we ain't meant to be

You can say something negative promise I'll brush it off  
You can say something knowing you're crossing the line  
You could say something petty when you feel some type of way  
It's just one of those days you could say  
You're sorry you know that I'm gonna forgive you each time

But don't say I ain't what you need  
Don't say we ain't playing for keeps  
Don't say forever unless you're saving it for me  
Don't say we ain't meant to be

But don't say I ain't what you need  
Don't say we ain't playing for keeps  
Don't say forever unless you're saving it for me  
Don't say we ain't meant to be  
No don't say we ain't meant to be
