

Good To Drive

Muscadine Bloodline

You said that you needed time
I might be mistaken but it sounds like it's over
Holding on just to hang out to dry
Is like a run of bad luck through a field full of clovers
Sober's what I ain't tonight

But, I'm good to drive
Just so you know
In case that you call
Hell I'm just down the road
I'll take it slow
Coming down the hill
I'll watch for cops
Patrolling Mobile
Both hands on the wheel
If you change your mind
I'm good to drive

Ain't nothing good 'bout goodbye
Maybe come mornin' I'll wake up with closure
I prolly can't walk the line
So the key's in the console and the party is over
But if you were to make up your mind

I'm good to drive
Just so you know
In case that you call
Hell I'm just down the road
I'll take it slow
Coming down the hill
I'll watch for cops
Patrolling Mobile
Both hands on the wheel
If you change your mind
I'm good to drive
